

# Cardiology Consult at YNHH-SRC

Last Modified: 08/15/2014

Code: Card-E-SRC

## Elective Description:

The Cardiology rotation focuses on learning the consultative aspects of clinical cardiology. The residents will gain an understanding of important cardiac disorders like acute coronary syndrome, congestive heart failure and valvular heart disease in addition to refining certain skills, such as the ability to interpret EKGs and manage different types of arrhythmias.

You will participate in weekly EKG sessions with the cardiology fellow and faculty and prepare a case presentation at the end of the rotation.
